SUMMARY

Information Technology graduate with a strong foundation in front-end development using React.js and Tailwind CSS, complemented by back-end development skills in Laravel, ASP.NET, and SQL. Passionate about building responsive and user-friendly web applications. Actively seeking entry-level Software Developer opportunities to apply and further develop my technical skills while contributing to innovative projects and gaining valuable industry experience.

WORK HISTORY

Full Stack Developer Intern	January 2026 – April 2026
Philippine Center for Postharvest Development and Mechanization (PhilMech)	
- Developed a Content Management System (CMS) using ASP.NET, Bootstrap 5, and Microsoft SQL Server to simplify website content management. - Migrated a legacy website from a hard-coded Classic .NET implementation to a modern ASP.NET architecture with a database-driven CMS. - Implemented an administrative interface that enables authorized users to update website content without modifying the source code, with data managed through Microsoft SQL Server Management Studio (SSMS).	

PROJECT HISTORY

CLSU Faculty Hiring Evaluation System <i>Laravel, Tailwind CSS, MySQL, Git</i>	November 2024 - October 2025
- Developed a full-stack web application (Laravel, Tailwind CSS, MySQL) that automated the faculty evaluation, scoring, and ranking processes for the CLSU HRMO. - Designed dynamic evaluator evaluation workflows utilizing Alpine.js and Livewire to compute and consolidate real-time scores based on institutional selection board criteria - Secured applicant and evaluation data by establishing multi-level Role-Based Access Controls (RBAC) for admins, panel evaluators, and the NBC promotion committee. - Successfully managed deployment pipelines to a secure Hostinger VPS using Git version control and XAMPP/Laravel Herd environments.	
Alyssa Gadgets Point of Sale & Inventory System <i>PHP, CodeIgniter, Bootstrap, MySQL</i>	September 2024 - December 2024
- Developed a Point of Sale (POS) and Inventory Management System to streamline sales transactions and inventory tracking for Alyssa Gadgets. - Implemented core POS functionalities, including transaction processing, product selection, and automatic inventory updates after each sale. - Built a responsive and user-friendly interface using Bootstrap and integrated a MySQL database to manage product, sales, and inventory records. - Improved inventory management by enabling real-time stock monitoring and pricing updates.	
Food Delivery Web Application <i>Laravel, TailwindCSS, MySQL, SMTP/API</i>	(School Project – Sept. 2025)
- Developed a full- stack food delivery web applivcation featuring menu browsing, cart management, and order processing. - Implemented core backend functionalities using Laravel, including routing, controllers, authentication, and database models for users, orders, and menu items. - Built a responsive and user-friendly interface using Tailwind CSS to enhance the ordering experience across devices. - Integrated SMTP and email API services to send automated order confirmations and status updates to customers.	

EDUCATION

Bachelor of Science in Information Technology	2022 – 2026	Senior High School	2019 – 2021
Central Luzon State University Science City of Muñoz, Nueva Ecija		Muñoz National High School Main - Senior Science City of Muñoz, Nueva Ecija	
Bachelor of Science in Information Systems	2021 – 2022	Secondary Education	2015 – 2019
STI College San Jose San Jose City, Nueva Ecija		Muñoz National High School Main - Junior Science City of Muñoz, Nueva Ecija	

SKILLS

- Languages: C#, PHP, JavaScript, Java, Python, HTML, CSS
- Frameworks & Libraries: ASP.NET, React.js, Laravel, CodeIgniter, Django, Tailwind CSS, Bootstrap
- Databases: MySQL, Microsoft SQL Server, SQLite
- Developer Tools: Git, GitHub, Visual Studio Code, Visual Studio, Docker, Flutterflow

Certifications	Languages	Interests
- AWS Academy Graduate - Cloud Foundations - Kaggle - Data Visualization with Python - Kaggle Pandas - Python Essentials 1 - Cisco Networking Academy	- Filipino (Native) - English (Professional)	- Web Development - Mobile Application Development - UI/UX Design - Open Source Technologies - Innovation and Emerging Technologies
